

In the late 1990's my counterpart in New Jersey, Douglas Wicks, (908-647-5179) filed complaints identical to mine with the NJ authorities. With much less evidence than I had, it was still enough for the State of NJ Commission of Investigation to launch a state wide investigation.

In New Hampshire, those in charge of investigating these crimes are looking the other way as their subordinates threaten to kill me.
