RE: PRODUCT DEMONSTRATION

Dear Mr. Beloin,

After witnessing your demonstrations and reading the Gale Associates letter evaluating your demonstrations, I decided to write you this letter. There is little resemblance between the demonstrations I witnessed and the letter from Gale Associates evaluating your demonstrations. I find it strange that Gale Associates does not acknowledge that the Bluestone Premium Roofing Systems are Factory Mutual Approved. *I saw some very impressive test demonstrations with your product. I would gladly approve your product on a NRC roof project.*

Sincerely,

Mark M. Clonts
President
