Dear Potential Bluestone Customer,

My name is Rich Kellogg. I've known Mr. Beloin since 1985. Since then, I've been installing his Bluestone Premium Roofing Systems. I've installed almost every type of commercial roofing system that exists on the market. I can say, without equivocation, that there are no equals to the Bluestone Premium Roofing Systems. The much thicker and stronger materials are a little more expensive to buy but are often much less labor intensive and extremely user friendly. Under most conditions, it makes for a very price competitive roofing system. I recommend them whenever possible.

Sincerely,

A handwritten signature in blue ink that reads "Rich Kellogg". The signature is fluid and cursive, with the first name "Rich" and last name "Kellogg" clearly legible.

Rich Kellogg
