March 10, 2014

To Whom it may concern:

We have employed Gerry Beloin's roofing expertise on four of our commercial properties since 1986. ***We have never had a problem*** with any of the Bluestone Premium Roofing Systems.

In 1996 we replaced an 8 year old GOOD YEAR rubber roof that had been leaking for 5 years. This GOOD YEAR rubber roof came with a 20 year warranty. We were unable to get them to honor their warranty. We replaced the failed GOOD YEAR rubber roof with a 2 ply 320 mil Bluestone Premium Roofing System. Bluestone was willing to finance this roof for us at very reasonable interest rates. The warranty was tied to the promissory note. It stated that if the roof leaked, we could stop the payments. No other company was willing to make that promise.

In 2008 we upgraded the 22 year old 160 mil Bluestone Premium Roofing System on our Donlans Market building with a 2 ply 320 mil Bluestone COPA 8 membrane. In the winter of 2012, 2013 we had to removed the snow from the roof. The workers gouged the roof up really bad with their shovels. Despite the abuse, the roof did not leak.

We had all of our roofs at 35 Main St. sealed and painted in 2013 by Bluestone. They now all look like new and the reflective paint is cutting our AC expenses.

We are very satisfied with Gerry Beloin and his Bluestone Premium Roofing Systems and ***I recommend him to anyone that is looking to solve their roofing problems permanently.***

I recommend witnessing his demonstrations. They will open your eyes to the real world of roofing.

Sincerely,

Joseph Strazzulla
